Hi All,

Per Josh's second email, we will maintain the 6pm start time.

So, I am resending this invitation with an agenda.

I had committed to sending a revised draft report prior to this meeting. Due to some personal issues, I have not met that commitment.

Instead we will begin this evening with Charlie's presentation on the meconium study.

I will also send my latest version of the executive summary and we can discuss the latest public health statement just sent by Joe.

I will also work today on a revised recommendations section for the report and share some of that on the call if time permits.

Regards,
Roz
